Accomplishments

- ▶ Our compliance rate for completed evaluations has improved for both faculty and fellows.
- ▶ Our fellows now rotate and train with our new Interventional Cardiology Team at Banner — University Phoenix .
- ▶ We have improved our non-fellow conference calendar, available to everyone with access to online platforms.
- ▶ Our monthly fellow team meetings have improved communication with our fellows. We discuss what's working, issues, updates and review each rotation.
- ▶ We have a successful pass rate on cardiology board examinations.

Strengths

1. We have implemented a strong leadership team.
2. Our faculty members are more engaged with our fellowship than ever before.
3. Our fellows are now assigned to more patients in their clinics.
4. Rod Tung, MD, is our new chief of cardiology. We have also hired new faculty and seek to hire more this year.
5. We have increased the footprint of our scholarly activities this year, such as research, educational curriculum, etc.
