

Arizona Health Sciences Library Phoenix Community Visitor Policy

The Arizona Health Sciences Library Phoenix exists primarily to serve students, staff, and faculty of the University of Arizona College of Medicine Phoenix and Northern Arizona University College of Health and Human Services programs in Phoenix.

Personnel affiliated with other academic programs offered by either institution at the Phoenix Biomedical Campus also have access to the Library during all hours of operation. Personnel affiliated with academic programs offered by either institution at other locations will generally not have Health Sciences Education Building (HSEB) badges and may therefore use the Library only during the hours of 8 AM to 5 PM, Monday through Friday.

Personnel not affiliated with either institution may use the library on a limited basis for health sciences research not supported by other available libraries. For approved community visitors, access is possible only during the hours of 8 AM to 5 PM, Monday through Friday. Community visitors are strongly encouraged to call ahead in order to verify the appropriateness of library resources for their needs. All community visitors should be at least 18 years old.

If it is determined that a community visitor's needs would be served by a visit to the library, the visitor should check in with HSEB Security upon arrival. The security officer on duty will call the library service desk at (602) 827-2062. If library staff confirm that the visit is approved, the security officer will issue a guest badge. The community visitor may then proceed to the library and sign the guest roster at the service desk.

There is no free parking available at the Phoenix Biomedical Campus, and the library does not validate tickets issued by parking garages. Visitors who arrive by car may pay to park at metered guest spaces on site or at nearby facilities such as the Arizona Center and Heritage Square. Printing requires the use of a credit or debit card to establish an account with a minimum of value of \$2. Community visitors must abide by all library policies.
