About Connect2STEM

The University of Arizona College of Medicine – Phoenix, in partnership with Cox Communications and the Arizona Science Festival, hosts Connect2STEM, an annual family-friendly event designed to showcase the wonder of Science, Technology, Engineering, Math and Medicine (STEM). As the largest STEM outreach event in Phoenix, Connect2STEM has reached more than 30,000 attendees in the last five years.

Youth of all ages experience hand-on learning from 500 volunteer physicians, engineers, and students who encourage youth to explore a STEM degree or occupation.

Attendance growth of Connect2STEM:

There were so many activities for our children to do and learn in the same place.”

About UA College of Medicine - Phoenix

The University of Arizona College of Medicine – Phoenix inspires and trains exemplary physicians, scientists and leaders to optimize health and health care in Arizona and beyond. We are uniquely positioned to accelerate the biomedical and economic engines in Phoenix and the State by leveraging our vital relationships with key clinical and community partners.

The college addresses Arizona’s physician shortage as the first MD-degree granting medical school in the Valley. Beyond medical training, the college has an expansive vision for the future with focused energy towards critical projects supporting the citizens such as Science, Technology, Engineering, Math and Medicine (STEM) education in elementary schools, public education programs, community service projects and collaborative efforts with hospital and community partners.

By the end of 2018, 2.4 million STEM jobs were projected to go unfilled.
