Each of these steps is necessary to maintain compliance with the UA International Travel Policy. It is the responsibility of the traveler to ensure that each step is addressed and travel is approved prior to departure.

As the traveler, I verify that I have:

**Registered my travel** through the [International Travel Registration Portal: Terra Dotta](#), completed the Travel Information Questionnaire, and updated my emergency contact information.

*This makes it possible for the UA to quickly locate and communicate with travelers in the event of an emergency abroad. The registration site is at: <http://ua-risk.terradotta.com/>.*

*Registration is also recommended with the US State Department's Smart Traveler Enrollment Program (STEP), which can be found at: <https://step.state.gov/step/>.*

Determined if my travel includes any **export control** restrictions by completing the Travel Information Questionnaire and, if necessary, consulting with the [UA Export Control Office](#). Either, I do not require any licenses or I am working on obtaining the necessary license(s).
