Mayo Clinic Wants You to Know

• While all Clerkships are competitive, Mayo Clinic gives University of Arizona College of Medicine students high priority!

• Want personalized attention? We limit the number of students so you will receive high quality, one-on-one attention from world class physicians.

• We commit to you – and expect the same professionalism from you!
THE APPLICATION PROCESS

All Clerkships at Mayo Clinic
Require an Online Application!

http://www.mayo.edu/msgme/clerkships.html

ONLY ONE Application per student
(no matter how many clerkships)
UofA Students are given the “Edge”

• UofA COM Students have the option to apply for the full academic year starting April 1\textsuperscript{st}! Other visiting schools must apply on a quarterly schedule – 4/1, 7/1, 10/1 & 1/1

• UofA COM Students can complete MULTIPLE Clerkships at Mayo Clinic in AZ. (Other visiting students are limited to one (1) clerkship.)

• Please submit requests for May and June by January 1\textsuperscript{st}!!

• Start your application NOW!

The Application/Approval Process

• Apply! [http://www.mayo.edu/msgme/clerkships.html](http://www.mayo.edu/msgme/clerkships.html)

• Applications are provided to the requested department(s) for review and a decision. (April 1st, or upon receipt thereafter.)

• While Mayo Clinic accepts early applications from UofA students, the department may choose NOT to make a decision until the appropriate application deadline (quarterly).

• You will receive a confirmation or decline letter.

• Allow up to six(6) weeks. Decisions can be made very quickly, but sometimes take longer depending upon number of applicants and availability of clerkship directors.
The most confusing part of our application process is our Apply Yourself Scheduling System!

• In the “Recommendation” section, you need to enter the name and e-mail address of two people
  • Someone from your school to complete the verification *(Please enter your Registrar’s email address here!)*
  • Someone that will provide a recommendation *(Perhaps Dr. Restifo, an advisor – anyone who will provide you with a strong recommendation will do – simply add their email address here!)*

• Please call Dana if you’re submitting after our deadline so she may manually process your application!
