

Center for Applied Genetics  
& Genomic Medicine

Center for Innovation in  
Brain Science

With generous funding from the above Centers,

**Genes on Screen™**

presents

**twitch** ©

**WOULD YOU WANT TO KNOW?**

For some families, precision medicine is already very personal. "Twitch" follows filmmaker Kristen Powers as she grapples with her mother's death from **Huntington's disease (HD)** and her own decision to undergo genetic testing for HD.

Join us for a documentary screening and presentation by filmmaker Kristen Powers, followed by a discussion with experts in genetics and neurology

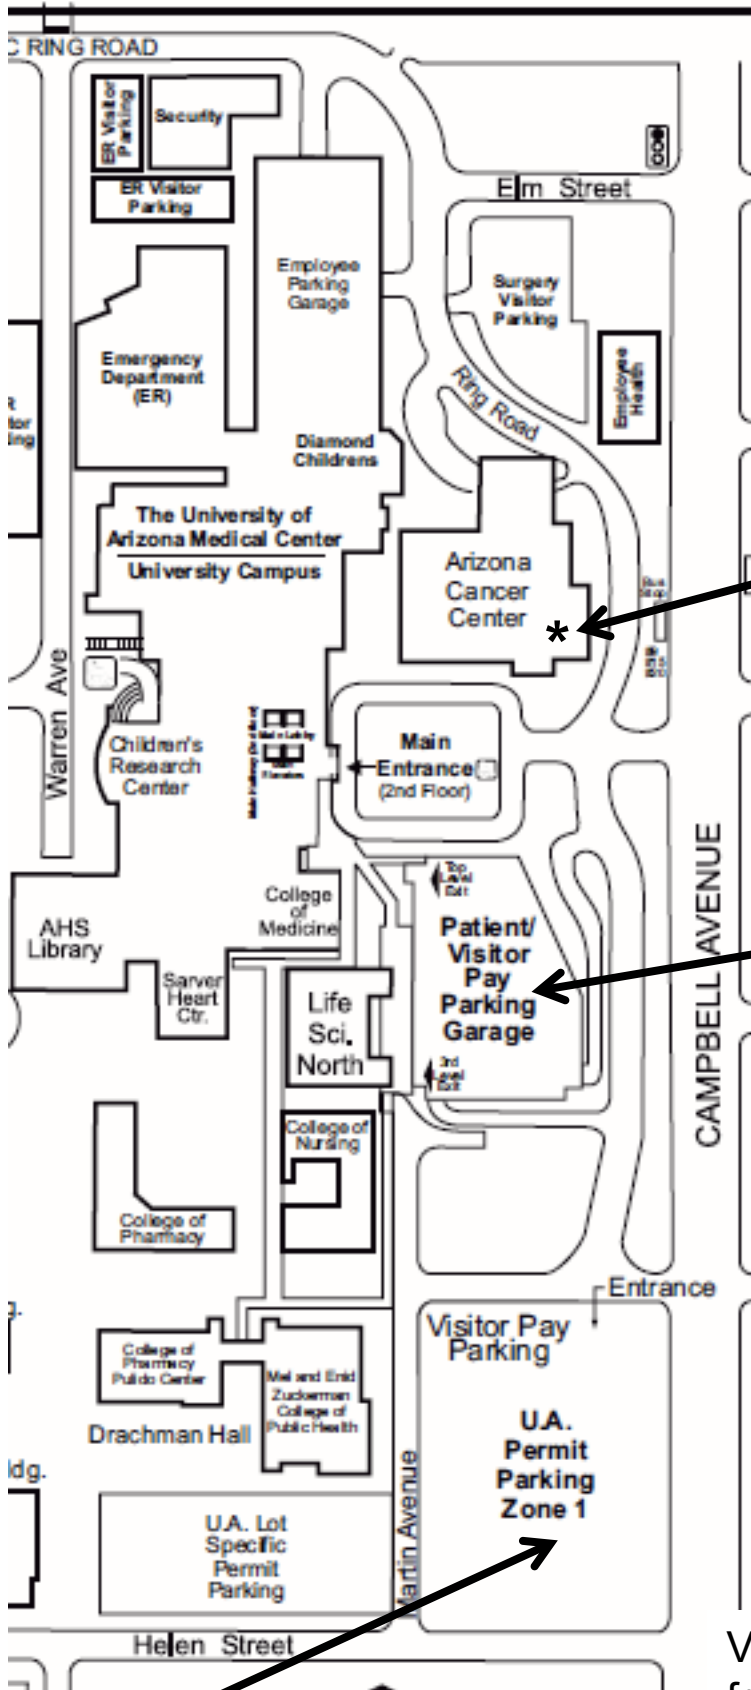

**When: Thursday, April 20, 2017, 6 - 8 pm**

**Where: Kiewit Auditorium, UA Cancer Center, UAHS  
1515 N. Campbell Avenue, Tucson, AZ (map on next page)**

**FREE** -- *All members of the community are invited.*  
POPCORN and REFRESHMENTS WILL BE SERVED
