

This guide is for external users or users already registered in iLab having trouble locating the **Phoenix Biomedical Core.**

1. Log in to iLab

2. Click the 'core facilities' link on the left side of the screen

4. The User should then be able to run a search for "The University of Arizona" in the search field (also circled above) and a list of our cores, including the Phoenix Biomedical Core, will be displayed. They can then simply click on the name of the core they wish to visit and the system will take them there.
