Users must register through Banner’s website before procuring specimens:

https://www.brainandbodydonationprogram.org/Account/UserRegister.aspx

- will require an updated CV, degree qualification, and job title
- An exchange of emails occurs to determine need type and provide a short summary of the project being conducted.
- Excel files to search current tissue inventory, users can see selected data and make a tissue request.
- Must contact directly for fee-for-usage rates (try and determine this during initial exchange of emails)
- Materials Transfer Agreement (MTA) may require a transfer plan form
  o Work with UA Research Office before sending this in
- Tissue shipped within two weeks after MTA signed by all parties and payment is received
