

# Office of Diversity and Inclusion STRATEGIC PLAN PROGRESS

### STUDENT

## Retention & Career Development FELLOWSHIP AND MENTORING PROGRAM

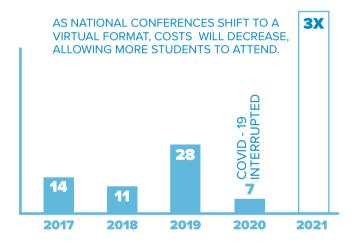

The program is dedicated to increasing interest in clinical specialities, supporting career counseling as well as promoting professional and personal growth.

As of 2020, it has attracted 68 students and 20 mentors.

#### **CONFERENCE ATTENDANCE**

With the goal to assist students in developing and achieving career success, the Office of Diversity and Inclusion promotes and sponsors students to attend **national conferences\*** dedicated to supporting diverse populations.

\*American Medical Womens Association National Conference | American Muslims Health Professionals Conference | Arizona Health Equity Conference | Arizona Health Equity Conference | Association Policy Summit Association Policy Summit Latino Medical Student Association Regional and National Conference | LGBT Health Workforce Conference | Medical Student Association Policy Summit Latino Medical Student Association Regional and National Conferences | Student National Medical Association Regional and National Conference | Student National Medical Association Regional and National Conferences

#### **EDUCATION, TRAINING & RESEARCH**

Partnered with Academic Affairs and a number of hospital affiliate partners to integrate diversity and inclusion training in medical education.

**13 Training Sessions** – from microaggressions to LGBTQ+ and from suicide prevention to compassionate care – have been developed and made available.
