

THE UNIVERSITY OF ARIZONA

College of Medicine

Phoenix

Personal Health Rooms (Prayer/Rest/Meditation/Maternity/Etc.)

There are many spaces on campus that are reserved for personal health. Two personal health rooms are available to students and staff in ABC-1 (Room 308 and 408). There is also a room in HSEB (C-530) with a sink and fridge for new mothers, and another room on the 9th floor of BSPB (E903C). These rooms should only be used for personal health reasons, and rooms HSEB C-530 and BSPB E903C should be prioritized for new mothers.

For students only - if you don't have badge access to ABC-1, email Dr. Anika Hutchinson, Director of Student Affairs, anikahutchinson@email.arizona.edu. She can provide access.
