

Pulmonary Disease & Critical Care Medicine Fellowship

Original ACGME accreditation date: 07/01/2002

Program Director Name (Year appointed)

Raed H Alalawi, MD (2017)

ACGME Current Approved Complement

15

Accreditation Status

Continued Accreditation

Length of Training

3 years

Accomplishments

- ▶ Our program provided opportunities to our trainees for robust clinical experience.
- ▶ Our fellows served as teachers of other learners.
- ▶ We developed opportunities for research and applied for grants to become leaders in academic pulmonary and critical care medicine.

Strengths

1. Exposure to various specialties allowing for a well-rounded clinical learning experience
2. Additional inpatient exposure during their second year at Banner—University Phoenix and the VA Phoenix Health Care
3. Changed the selective and elective rotations to better align with fellows learning needs
4. A new schedule that decrease the burden of the fellows per rotation and give them more time for education and learning
5. Career development for the fellows that meet every six months with the Pulmonary Division
