

Maricopa Integrated Health Systems - Potentially Eligible Investigators – Valley Research Partnership

MIHS Investigator	Research Interests
<p><u>Alexander, Gretchen</u> Attending Psychiatrist, Associate Director Psychiatry Residency Program 602-344-5121</p>	<p>Computerized order entry medication errors, foreign body ingestion cases</p>
<p><u>Ali, Erum</u> Associate Program Director, Child Psychiatry 480-344-2223</p>	<p>Parenting Stress Index research at Southwest</p>
<p><u>Barkley, Joel</u> Attending Physician 602-753-9299</p>	<p>Ultrasound imaging in OB/GYN</p>
<p><u>Bhattarai, Bikash</u> Research Biostatistician</p>	<p>Epidemiology, zoonoses, infectious diseases, global health and survey methods</p>
<p><u>Bayless, Patricia</u> Attending, Faculty Mentor for MS4 Scholarly Project 602-344-5418</p>	<p>Prenatal care and Emergency Department use, biomedical ethics</p>
<p><u>Bogert, James</u> Trauma Critical Care 602-344-5624</p>	<p>Surgical intervention in bowel obstruction</p>
<p><u>Boskailo, Esad</u> Attending Psychiatrist, Associate Director Psychiatry Residency Program 602-344-5813</p>	<p>Multiple antipsychotic readmission rate</p>
<p><u>Bradstock, Michael</u> Anesthesiologist 623-322-9799</p>	<p>Transesophageal cardiography (TEE)</p>
<p><u>Breburda, Christian</u> Cardiologist 623-344-5188</p>	<p>Myocardial infarction, cardiovascular events, cardiac and renal disease</p>
<p><u>Butler, Bradley</u> Emergency Medicine 602-741-6321</p>	<p>Allergic reactions, Epinephrine treatment, layperson cpr, pain research (ketamine), cost of dental tx in ED</p>

Maricopa Integrated Health Systems - Potentially Eligible Investigators – Valley Research Partnership

<p><u>Carlson, Richard</u> Critical Care Medicine 602-344-5391</p>	<p>Severe sepsis and coagulopathy clinical trials, Alcohol withdrawal syndrome, Gram-negative pneumonia, community-acquired pneumonia clinical trials</p>
<p><u>Chuang, Keng-Yu</u> Gastroenterologist 602-344-5027</p>	<p>Celiac disease, communication during endoscopic procedures, H. Pylori, advanced endoscopy in small bowel and pancreaticobiliary tracts, endoscopic foreign body removal, development and optimization in endoscopic technologies</p>
<p><u>Coburn, Lisa</u> Associate Program Director, Child Psychiatry 480-344-2026</p>	<p>Therapy observation rating, narrative medicine approach to cultural competency</p>
<p><u>Connell, Mary</u> Associate Professor of Radiology, Radiology Clerkship Director, University of Arizona College of Medicine 602-344-1516</p>	<p>Abdominal/Pelvic CT and Ultrasound, Ovarian torsion, Transabdominal pelvic ultrasound in women, ultrasound in necrotizing enterocolitis, radiation exposure in pediatric patients and trauma patients, Pediatric Tuberculosis, Hepatic Steatosis (fatty liver), metabolic syndrome</p>
<p><u>Coonrod, Dean</u> Chair, Professor, Department of OB/GYN, MIHS Director 602-344-5119</p>	<p>Perinatal epidemiology, health disparities, health literacy, health services research, maternal mortality, preconception care, intimate partner violence</p>
<p>de Guzman, Jose Urologist</p>	<p>Urinary tract fistulas, testicular germ cell tumors</p>
<p><u>Feiz-Erfan, Iman</u> Neurosurgery 602-344-5056</p>	<p>Epidural hematomas, correlation of CNS findings in HIV/AIDS, cervical spine injury and trauma, management of skull base fractures, cranioplasty, clivus fractures, brain tissue oxygen tension, advanced stage pressure ulcers, ommaya reservoir related bleeding</p>
<p><u>Fisher, Jonathan</u> Clerkship Director 602-344-5418</p>	<p>Public health, EMS, education</p>
<p>Foster, Kevin</p>	<p>Various Burn clinical trials and burn academic studies, burn outpatient management, burn sequelae grading scale, burn patient fears, antibiotic usage in burn patients, DVT in burn patients, burn scars, Inhalation injury scoring system, inhalation injury, adrenal insufficiency in burn patients, adipose derived regenerative tissue, donor site dressing, skin grafting, pediatric trauma</p>
<p><u>Geren, Kara</u> Attending 602-344-5418</p>	<p>Public health, HIV, health literacy domestic violence</p>

Maricopa Integrated Health Systems - Potentially Eligible Investigators – Valley Research Partnership

Goldberg, Ross General Surgery	Cholecystitis, positive intraoperative cholangiogram
Greenspan, David Attending Physician 602-618-0536	Cervical cancer screening, vaginal infectious diseases
Gridley, Daniel Chairman of Radiology 602-344-1516	Acute appendicitis – CT vs MRI protocol, cross sectional brain imaging utilization, correlation of CNS findings in HIV/AIDS, Breast Cancer Stratification System evaluation based on Gail and Mayo hybrid model including breast density
Habak, Patricia Associate Residency Program Director 602-344-5017	Blood loss at time of labor and delivery, residency education
Hecht, Roxanne Attending Physician 602-344-5404	Pediatric constipation clinical trials, General Pediatrics
Hobohm, Dan Clinical Chair, Pathology	Biorepository resource, human specimen collection, cord blood, blood collection studies
Hoomayoon, Kaveh Urologist 602-344-5624	Urinary tract fistulas, testicular germ cell tumors
Jesus-Bailon, Maria Attending Psychiatrist	Venous Thromboembolism and psychotropic medications
Johnson-Agbakwu, Crista Founder and Director, Refugee Women’s Health Clinic, Obstetrics and Gynecology 602-344-5953	Refugee women's health, reproductive health disparities, health services/outcomes, women's sexual health, female genital mutilation, sexual and gender-based violence, health literacy, global health
Khalsa, Ann Medical Director, McDowell FHC 602-344-6565	HIV clinical trials, renal impairment in the HIV population, HPV-related anal dysplasia
Khalsa, Ann Medical Director, McDowell FHC 602-344-6565	HIV clinical trials, renal impairment in the HIV population, HPV-related anal dysplasia
Kin Quan, Dany Kin Emergency Medicine and Medical Toxicology 602-344-5418	Antivenom, drug therapy and interactions, antimicrobial resistance, antibiotic treatment

Maricopa Integrated Health Systems - Potentially Eligible Investigators – Valley Research Partnership

<p><u>Komenka, Ian</u> General Surgery 602-344-5624</p>	<p>Breast related and breast cancer studies, idiopathic granulomatous mastitis, lymph node biopsy procedure, breast conserving operation predictors of surgical infections in breast operations, molecular genetics, biospecimen collection and banking, health literacy in surgical patients</p>
<p>Kopelman, Tammy Critical Care Medicine</p>	<p>Radiation exposure in trauma patients, cervical spine trauma, clivus fractures, traumatic abruptio placenta scale, Anti-Xa range for DVT prophylaxis, novel oral anticoagulants, ventilator associated pneumonia, body imaging</p>
<p>Kuberski, Timothy Division of Infectious Disease</p>	<p>Management of septic arthritis, coccidiomycosis, sarcoidosis</p>
<p>Lettieri, Salvatore General Surgery</p>	<p>Plastic surgery studies</p>
<p><u>Levitt, Gwen</u> Attending Physician 602-344-5862</p>	<p>Weight gain in acute psychiatric inpatient setting, attitudes towards alcohol abstinence medication, mental health power of attorney and guardianship, military and combat related trauma</p>
<p><u>LoVecchio, Frank</u> Vice Chair 602-344-5418</p>	<p>Emergency Department safety, public health threats, influenza treatment, antibiotic treatment, DVT/PE, hypertension in acute intracerebral hemorrhage, community-acquired bacterial pneumonia, transabdominal pelvic ultrasound in women, pathogens in cerebrospinal fluid, uropathogen antimicrobial resistance, toxicology, drug toxicity, drug abuse, addiction medicine</p>
<p>Matthews, Marc Burn</p>	<p>Parachute injuries (military), abuse vs non-abuse pediatric burn injuries</p>
<p><u>Matz, Samantha</u> Section Chief, Body Imaging 602-344-1516</p>	<p>Acute appendicitis, CT vs MRI protocol</p>
<p><u>McMahon, Shawn</u> Attending Physician, Primary Care Outpatient Pediatrics 602-344-5404</p>	<p>Primary care outpatient pediatrics, bilirubin phototherapy</p>
<p>Mehta, Divyesh Division Chief, Hematology and Oncology</p>	<p>Breast cancer, HPV-related cervical dysplasia, supportive care needs in cancer patients, unresectable Hepatocellular Carcinoma</p>
<p><u>Mitchell, Carl</u> Ultrasound Director 602-344-5418</p>	<p>Abdominal/pelvic CT and Ultrasound, ovarian torsion</p>

Maricopa Integrated Health Systems - Potentially Eligible Investigators – Valley Research Partnership

<p><u>Myers, Rober Jr.</u> General Medicine and HIV 602-344-5027</p>	<p>Correlation of CNS findings in HIV/AIDS</p>
<p><u>Nadir, Abdul</u> Division Chief, Gastroenterology 602-344-5027</p>	<p>Celiac disease, Endoscopic Retrograde Cholangiopancreatogram, Hepatitis C virus, H. Pylori, serum autoantibodies</p>
<p><u>Onibokun, Adedayo</u> Attending Physician 602-344-5451</p>	<p>Device studies on urinary incontinence, general gynecology, general obstetrics, urogynecology</p>
<p><u>Oppenheimer, Randy</u> ENT 602-344-5624</p>	<p>Peritonsillar abscess and protocol</p>
<p><u>Ostovar, Amin</u> Attending Physician 602-344-5404</p>	<p>Infectious diseases</p>
<p><u>Panchanathan, Sarada</u> Attending Physician 602-344-5404</p>	<p>General ambulatory pediatrics, clinical informatics, and medical education</p>
<p><u>Peck, Michael</u> Burn 602-344-5624</p>	<p>Blood transfusion practices in burn patients</p>
<p><u>Pieri, Paola</u> Trauma/General Surgery/Surgical Critical Care Medicine 602-344-5624</p>	<p>Anti-Xa range for DVT prophylaxis, novel oral anticoagulants, body imaging, ventilator-associated pneumonia, thoracostomy for traumatic hemopneumothorax, management of open abdomen, abdominal compartment syndrome</p>
<p><u>Porter, John</u> Physical Medicine and Rehab 602-344-5624</p>	<p>Management of septic arthritis, brachial plexus injuries in the burn population, pain and electrodiagnosis</p>
<p>Post, John HIV</p>	<p>HIV clinical trials, renal impairment in the HIV population</p>
<p><u>Rastogi, Devna</u> Vice Chair, Department of Psychiatry, Attending Psychiatrist 480-344-2050</p>	<p>Medical student survey for attitude towards seclusion and restraints</p>

Maricopa Integrated Health Systems - Potentially Eligible Investigators – Valley Research Partnership

<p><u>Ravi, Jyotsna</u> Division of Gastroenterology 602-344-5027</p>	Celiac disease, communication during endoscopic procedures, H. Pylori
<p>Rimmer, Ruth</p>	Psychological burn studies
<p><u>Robbins, Zachary</u> Attending Physician, General Pediatrics 602-344-5404</p>	Childhood obesity, general pediatrics
<p><u>Roh, Albert</u> Chief, Thoracic Imaging Vice Chair of Research</p>	Chest and Abdomen Radiology Research
<p>Roth, Bryan Residency Program Director</p>	Foot ulcers from diabetes mellitus, diabetic foot osteomyelitis, podiatry amputation rates
<p><u>Saririan, Mehrdad</u> Cardiologist</p>	Antiplatelet treatment after myocardial infarction
<p>Sawyer, Thomas Anesthesiologist</p>	Transesophageal cardiography (TEE)
<p><u>Schendel-Dittman, Megan</u> Attending Physician 602-344-5445</p>	Preeclampsia
<p><u>Sood, Shabam</u> Inpatient Director 480-344-2035</p>	Rehospitalization factors, screening for substance use by physicians vs. information on CSPM website, Probiotics use in patients with IBS and change in anxiety and depression, Medical Student survey for attitudes in psychiatry
<p>Stapczynski, Steve Attending</p>	Diabetes mellitus
<p>Staples, Kurtis Chair of Orthopedics</p>	Segmental bone defects, diaphyseal forearm fractures
<p><u>Tomisato, Shayne</u> Program Director, Child Psychiatry Residency Program 480-344-2167</p>	Millennial generation resident study, child psychiatry fellow record review
<p><u>Van Der Veer, Nancy</u> Chief of Inpatient Psychology Services 480-344-2053</p>	Post traumatic stress disorder, patterns of seclusion and restraint, cannabis use in psychiatric patients

Maricopa Integrated Health Systems - Potentially Eligible Investigators – Valley Research Partnership

<p><u>VanTassel, Dane</u> Chief, Pediatric Imaging 602-344-5011</p>	<p>Pediatric and Musculoskeletal Radiology Research</p>
<p><u>Weller, Jennifer</u> Research Director, Child Psychiatry 480-344-2084</p>	<p>Neuropsychological evaluations and tests instruments, cognitive impairment in psychiatric inpatients with or without HIV, Millennial Generation medical Resident personality characteristics Study, Child/Adolescent Psychiatry Fellow Record Review, Evaluation of group home resident characteristics, evaluating utility of an executive function (EF) intervention program for children with symptoms of ADHD</p>
<p><u>Yuh, Sandra</u> General Medicine 602-344-5027</p>	<p>Colorectal cancer screening (currently on hold)</p>
